

# GROUP TRAINING

## WHAT IS YOUR STAFFING SITUATION?

Are you apprehensive about employing additional staff, but business demands that you do?

Are you keen to employ an apprentice, but not sure whether your business can commit to a new employee for the term of the apprenticeship?

Are you concerned about the recruitment, administration and mentoring of a new apprentice?

## APPRENTICESHIP SOLUTION

CVGT can provide the apprentices you need without the management burden to your business. With CVGT Group Training we take care of all the paperwork associated with employment by hiring the apprentice out to your business for a low, all inclusive monthly fee.

If business activity falls and it becomes necessary to reduce your workforce, CVGT will take back the apprentice and find them another 'host employer'.

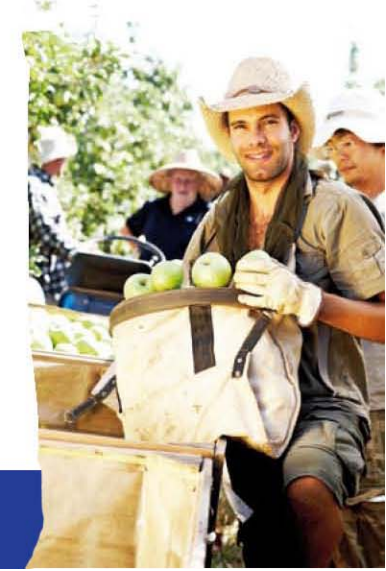

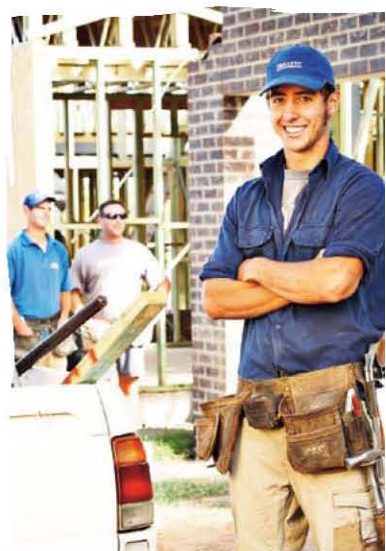

## DID YOU KNOW?

An Australian Apprentice combines industry specific training with on-the-job learning .

Most trainee/apprenticeship take 1 to 4 years to complete.

CVGT Group Training can assist you in recruiting an apprentice/trainee.

Once you have recruited a trainee/apprentice, our Group Training Centre will help you choose a Registered Training Provider, who will develop a specific training plan to suit your business and workplace.
