

INDUSTRY TRAINING

WHAT IS YOUR STAFFING SITUATION?

- Do you want to increase productivity in your workplace?
- Would you like training solutions tailored to your business?
- Does your business require flexible delivery of training?
- Would you like your staff to have nationally accredited qualifications?

TRAINING SOLUTION

Our dedicated professional trainers can increase the productivity of your business by undertaking a job analysis to identify staff skills gaps and specific training needs within your workplace. Once your training needs are identified our trainers will work with you to adapt courses - tailoring them to meet the needs of your business and your staff.

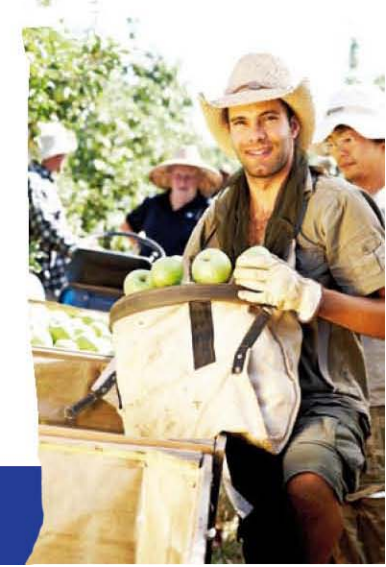

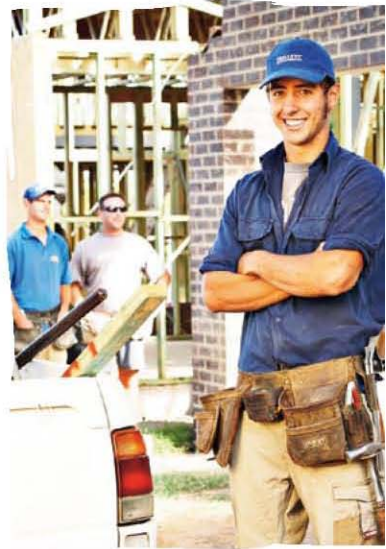

We deliver assessment and training on site, off site or self-paced, our wide range of courses are nationally endorsed and provide recognized qualification.

DID YOU KNOW?

CVGT deliver both accredited and non-accredited training courses in areas including but not limited to: Business and Business Administration, Building and Construction, Retail, Hospitality, Employment Services, Disability Services, Community Services, Aged Care and Conservation and Land Management.

CVGT designs, develops and delivers professional development programs to meet industry needs. CVGTs training consultants can tailor training to meet your specific needs from introductory courses to diploma level.

CVGT are specialists in Pre-Vocational training. As flexible delivery specialists, CVGT can deliver training for you at a location to suit your needs.
