

# Community Grants

CVGT Community Grants Program provides the opportunity for community based organizations to apply for small grants to support and enhance their community work.

CVGT provides grants to individuals or community groups for projects or activities that benefit the communities in areas where CVGT operate. The aim is to enhance the overall social, educational, recreational and environmental aspects of the community.

The Community Grants Program will provide funding in the following categories:  
Educational, Environmental, Recreational, General.

Dates for 2009/2010 financial year
