

Golden PlainsShire Natural Resource Management Project

accredited training & environmental work experience

What is the National Green Jobs Corps Program?

Participants spend an average of 25 hours per week On an NGJC project doing hand-on work experience and accredited training. Each participant will commit a 26 week period.

NGJC projects will focus on the conservation, Protection and rejuvenation of the local environment or cultural heritage. The majority of projects will be team based activities developed in conjunction with local communities and groups to ensure local needs are met.

Who can participate?

National Green Jobs Corps is a free program open to: Income support recipients aged 17-24 who are:

- Receiving Youth Allowance (other), Newstart Allowance or Parenting Payment and not working more than 15 hours per week, or
- Disability Support Pension recipients willing work 15 hours per week or more, and
- 17 - 20 year olds who are not in receipt of
- Income Support Payments and not working more than 15 hours per week or in full-time education.

National Green Job Corps Projects

CVGT runs NGJC projects at selected sites throughout Victoria.

Each participant will receive the appropriate Personal Protective Equipment such as steel capped boots, trousers, shirt, hat, gloves and sunscreen.

Participants will meet at an agreed designated pick up point where they will be transported to the project site by our Team Leader in the CVGT bus.

NEW PROJECT

Golden Plains Shire:
Natural Resource Management Project

The project aims to tackle a variety of natural resource and cultural heritage management projects across a variety of Council owned or managed land parcels in Golden Plains Shire.

The host will be providing excellent contacts and experience and career advice in specific skill areas

Tasks will include:

- rabbit mapping
- quarry site remediation
- rabbit management
- weed management
- construction works
- boardwalk rejuvenation
- fencing, painting, landscaping
- fuel load management
- cultural heritage management
- platypus monitoring
- water watch activities
