JOBS VICTORIA

Providing targeted support services to people looking for work and employers looking for workers.

WORKING ON THE JOB

- **Are you unemployed?**
- **Do you need help accessing services?**
- **Do you want to get a job?**

Working on the Job provides employment opportunities to disadvantaged, unemployed people living in the Bendigo / Mt Alexander region.

The program has been designed to offer flexible services that are tailored to your needs.

Our staff work closely with support services including Anglicare, Bendigo District Aboriginal Corporative, Haven Home Safe, Castlemaine Community District Health and Bendigo Kangan Institute to:-

- identify disadvantaged job seekers who require assistance to gain employment
- actively engage with employers to identify job opportunities
- link participants to community support services

For more information, contact your local Working on the Job expert Ph: 13 CVGT (13 28 48)
